Okay, so, why doesn’t it just keep going? Why doesn’t it just drop?

Because, um… I’m- if I stop and then the paddle stops.

Okay. But why doesn’t that stop? Why doesn’t the ball stop?

Um…

‘Cause when I go down like this, i- why doesn’t the ball stop?

‘Cause it swings a lot?

It swings?

Yeah. / Why does it swing?

Because when it, it’s calming down.

It’s calming down?

Yeah.

What causes it to calm down?

Like (inaudible). ‘Cause I stopped but the ball doesn’t stop.

Okay.

When I bounce it and then I stop, but it’s still moving because it’s (inaudible).

Okay, what’s causing it to keep moving?

The string?

The string?

Yeah. / What is the string doing?

Swinging.

It’s swinging. Okay, all right.
